

Full-stack React labs

C1800 | ten standalone labs. Each folder contains React scripts, mock data, tests and its own detailed guide. Labs 8-10 also contain an Express API.

- [Lab 1: Requirements and architecture](#)
- [Lab 2: React scaffold](#)
- [Lab 3: Responsive task board](#)
- [Lab 4: State and controls](#)
- [Lab 5: Forms and validation](#)
- [Lab 6: Search and asynchronous state](#)
